Dear ,

Ecology survey at Southlands: Thursday 7th July

We wrote to you in March 2022 to update you on our plans to redevelop four non-traditional properties in Southlands, Tytherington. Since then, we have undertaken a topographical survey and a tree survey to inform our designs for the proposed new homes.

We also need to carry out an ecological survey within the proposed redevelopment site to show that we have considered the potential impact the proposed redevelopment may have on existing habitats and wildlife species. We have appointed Abricon Ltd to carry out the survey on the morning of Thursday, 7th July. The ecologist will have identification and the inspection should take a few hours.

If you have any questions or concerns, please call me on the number below.

Yours sincerely,

Noreen Twomey
Regeneration project manager
