

What do you think?

Over the next few months Bromford will be working with our architects to design a new housing layout for Paterson Road.

We will invite you to another event so you can view and comment on the design proposals. In the meantime, our architect has produced a first draft of what the scheme *could* look like.

There are a number of surveys we need to conduct on the site that will inform the final layout, so this is a great opportunity for you to let us know your thoughts and ideas for Paterson Road so that we can consider them as part of the scheme design.

If you have any comments please email regeneration@bromford.co.uk.

Bromford.
