Dear

Anson Road Regeneration

I wanted to let you know that we will be carrying out further investigative works on Anson Road on 3rd and 4th July.

We will be carrying out a ground investigation. The company carrying out this investigation will be using a mini rig to bore holes into the ground, these will then be refilled. They will be carrying out the work in the front and rear gardens and driveways that Bromford own.

I would appreciate it if you could ensure that you or your children do not access any of these areas on these days. In view of the work to be carried out, it is essential that any vehicles parked on Bromford land are parked elsewhere for the duration of the investigation.

The consultants we are using from Ground Investigation and Piling limited. Access will be required from 8.00 am until 6.00 pm and they will be on site for the two days.

Thank you in advance for your cooperation.

Yours sincerely

Claire Thomas
Regeneration Manager
