Dear customer,

As spring approaches, we wanted to give you an update on the progress made on the Anson Road regeneration scheme.

The team have been working with Bromford customers on Anson Road to move to another suitable home and so far many have already made the move. Please continue to check on Homes Direct for available properties. If there are any questions about this then please contact James who will be happy to help you.

Security

As you will have noticed we now have a number of properties empty and that Heras fencing has been erected around the site for security. We want the site to be as safe and secure as possible. For added security we will be fitting Sitex (heavy-duty galvanised steel screens for windows and doors) to the rear ground floor windows, front and rear doors of the empty properties over the next few days.

If you notice anything suspicious or unsafe we would very much appreciate if you could contact Chris Jefferies (Commercial Property Surveyor) on 07970 849980 or the main Bromford number on 0330 1234 034.

We are still in the process of designing the new scheme. The main issue we are working through is around drainage on the site and we are awaiting guidance from the Highways Department at Staffordshire County Council. We hope to have some plans to be able to consult with you by June 2018. We will contact you at this time to invite you to an event to share these plans with you.

If you have any queries or wish to discuss anything please contact us on the telephone numbers or email addresses below.

Yours sincerely,

Claire Thomas
