Dear customer,

Paterson Road Regeneration

Here is an update on the progress made on the Paterson Road regeneration scheme following our previous correspondence with you in December.

Security

As I am sure you are aware, we have made a lot of progress in supporting a number of customers to move out Paterson and Golden Farm Road. There are now a number of properties empty where you live. I want you to continue to feel safe and secure, so to help do this, please can you make sure that the front and rear communal doors to your block of flats are closed and locked at all times and not left on the latch, so that other people cannot enter the block.

Security screens have now been fixed to doors and windows of blocks 6-16, 5-17, 19-29 & 31-41 Paterson Road. This will stop anyone accessing the empty blocks of flats and causing damage or nuisance to remaining customers that live here.

If you notice anything suspicious or unsafe regarding an empty home, please contact Chris Jefferies (Commercial Property Surveyor) on 07970 849980 or the main Bromford number on 0330 1234 034 so it can be followed up.

New scheme proposals

We are in discussion with the planning department at Cotswold District Council regarding the proposed site layout for Paterson Road. When there is a proposal to share, you and your neighbours will be invited to comment on the proposed plans and give your feedback on them - even when you have moved out. You can let us know if you do not want to be involved in the consultations going forward.

Skips and bulky items

Please remember to use the skip provided to dispose of unwanted items when you move and not to leave bulky items in the communal bin store. If the skip is full or you notice other people (non-Paterson Rd & Golden Farm residents) filling the skip, please

continue to contact Bromford or myself on 07976 086134 to arrange collection or exchange.

Thank you for your cooperation and I will update you again soon.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'James Trotter', written over a horizontal dashed line.
